The Background

Spanky the monkey was going on a picnic. As Spanky was happily walking in the forest of Mopoland, out of nowhere, bricks came falling down from the sky, building a wall that reached to the clouds. At the same time, bricks were falling everywhere, in the cities, in the mountains and in the forests, forming huge towers. Spanky who was trapped in one of the dark towers was stunned, and from above he heard a stange voice. "Ha, ha, ha, what do you think of my beautiful home?" At this moment, the tower lit up and the bearer of the strange voice appeared. Spanky looked up and saw a witch wearing a black robe riding on a broom. A nasty looking crow was perched on her shoulder.

"I am Morticia from the world of darkness, I have come to bring darkness into your world."

"Let me out of here," screamed Spanky.

"No way! Why should I let my new playmate go? You will play tag with my crow. There are six towers that I built. If you defeat the guard on top of the tower, the door to the next tower will open. If you make it to the last tower without the crow catching you, I might set you free."

"Will you really let me go?"

"Ha, ha, ha, you will only know if you come, but first let me make you some playmates to play with...here!"

From the witch's finger, a spell was cast on Spanky's knapsack. All the fruits that were in his knapsack rolled out, shook around a bit and started growing arms and legs.

"It looks like the fruits have taken a great liking to you!, They tell me they like you so much, that they want to gobble you up. Ha, ha, ha," with these words the witch and the crow flew away, but wait what's this? A strange looking ball had fallen from the witch's pocket. Spanky picked it up and the ball started talking to him." I have escaped from the clutches of the evil Morticia, swallow me and I can help you defeat her."

3. As you head, the ball will increase in size. The size of the ball influences the strength of your attack.

4. Item pick up:

Items in the game can be picked up with the magic ball. This is useful for areas where Spanky can't reach. When you pick up an item, the ball will increase to its maximum size. To use the item, turn the ball into an attack ball and let go. The power of attack will decrease slightly, you may then pick up the item. If the item happens to be a key, you do not have to pick it up. The Magic ball can only pick up one item at a time.

Items - Items are either somewhere on the screen, or in possession of the enemy. By destroying that enemy, you can obtain the item.

Hats - Wear a hat and you can do some neat things. Jumping on a hat enables you to wear it. If Spanky gets hurt, his hat will fall off. If an enemy steps on a hat, the enemy will wear it, the effect will be the same.

1) **STRAW HAT** - Slows Spanky down when he is falling. Press down and Spanky's speed will return to normal.

2) **VIKING HAT** - Enables Spanky to get hurt 3 times without it inflicting any damage to him. After he is hurt 4 times, the hat disappears.
